Tara Sammons-Doughty, Secretary

Welcome to the Georgetown Kindergarten Website!

I would like to take this time to thank you for sharing your child with us! The staff and I are very excited about the Georgetown Kindergarten Center and the amazing things your child will learn. We follow the Delaware State Standards and the guidelines formulated by the Indian River School District. Our goal for each student is to learn, succeed and to develop an interest in continuing to set high expectations for the future. We provide students the opportunity to work collaboratively and to share with others, which are essential skills for the future. Academically, your child will learn:

- ✓ The letters of the alphabet
- ✓ The letter sounds
- ✓ The names of the numbers
- ✓ The representations of the numbers
- ✓ How to add and subtract accurately to 10
- ✓ How to read 64 Sight Words
- ✓ How to write connected sentences

Therefore, we invite you to practice suggested activities at home, and to participate at GKC to help us develop a two way communication system. This allows us to have an active partnership where our children will **GROW, KNOW and CREATE to be GREAT!**

Please be sure to mark your calendar, Open House is scheduled for August 31st at 5 pm. I look forward to seeing you then!

Janet Hickman
